DALTON FIRE RESCUE

745 Dalton Rd. Dalton NH 03598

Emergency 9-1-1 Non-Emergency 837-2092

Dalton Fire rescue responded to 162 calls in 2013, an increase over the 2012 call volume of 130. The majority of calls continue to be EMS calls. Dalton Fire Rescue responding to EMS calls has dramatically reduced response times. Early assessment, stabilization and ALS intervention has been a major benefit to patients. Whitefield Fire Rescue transports Dalton patients, their professionalism and dedication is appreciated. Dalton and Whitefield Fire Rescue work well together for the benefit of Dalton residents.

I would like to take this opportunity to thank the members of the department. Dalton Fire Rescue could not operate without the dedication of members who are trained and prepared to respond to any emergency. I would like to thank the members families who tolerate the hours spent on fire service. I would like to extend a thank you to the towns of the mutual aid system that provide assistance in large emergencies; we could not survive without their help. Dalton Fire Rescue is proud to have responded to every call for service in 2013.

The donated First Response Vehicle has proven to be a valuable emergency vehicle. The vehicle has made for quick responses and transports EMS equipment to scenes. The vehicle is capable of transporting a patient from residences that are not assessable by Ambulance to a location that is assessable. The Dalton Select Board and Dalton Fire Rescue would like to thank the family that made this generous donation.

I was both humbled and honored to receive the Firefighter of the Year Award from the North Country Public Safety Foundation. It was an honor to be recommended by the Dalton Select Board and chosen by a committee of Fire, EMS and Law Enforcement professionals from the North Country Public Safety Foundation. The award is a testament to the dedication and hard work of the members that make me look good every day.

Dalton Fire Rescue would like to thank the people of Dalton for their continued support. Emergency Medical calls continue to be the highest call volume for the department. Fire Department EMS personal have made a real difference in the outcome of patients needing this service by providing quick response, scene stabilization, and advanced life support. We would also like to thank the Littleton Hospital Paramedic Program and the Weeks Hospital Paramedic Program. These services offer advanced life support to towns that otherwise may not have this benefit.

I would like to thank the Highway Crew for assisting with calls and maintaining to apparatus saving the town money and reducing down time, the Police Department for assisting with calls and keeping responders safe.

Year-end report (for the year ending December 31, 2013

This year's first event-Dalton Green up day was held April 27th. Thank you to Bob Wentworth and his crew for all of their efforts and time to help with this event. A BBQ held after was well attended.

Our summer program entered its second year with a great reputation and almost all prior staff returning. We had over 15 children (both full and part-time) this year. The program was a resounding success with many happy children and parents. We had several field trips with the big one being a 2 mile hike to the Basin and back.

T-shirts were again bought for all campers and staff through the generosity of our local business community.

A Halloween dance was held October 26th. It was well attended by the local community and prizes were given to those with the best costumes.

November saw a new fundraiser added to our list of events. A Holiday Craft/Gift fair was held. The tables were sold out well before the event.

A Christmas sledding party was held at the Town Hall as a get together for all our summer campers.

We are currently exploring ideas for the playground and land behind the Municipal Building. Grants and fundraising are also being explored as a way to update and provide new equipment needed for a successful community and recreation program.

Thank you to the Dalton Library for hosting the summer reading program and in ensuring our campers had plenty of books to read throughout the summer.

Dalton Recreation is an all-volunteer group committed to serving the local area with fun, family friendly events as well as offering a summertime day camp for local children. Any questions please call Maggie Michaud (Dalton Recreation Director) at 603-837-3339 or contact us our Facebook page-Dalton Recreation.

If you have any ideas or would like to volunteer please feel free to attend a meeting, 2nd Tuesday of every month, 6:30 pm at the Municipal Building.

Respectfully submitted,
Margaret Michaud, Director

The Dalton Public Library has downloadable books, audio, and video for our patrons. We have public access computers and wireless internet which are used whenever we are open.

As part of the summer reading program, DIG INTO READING, the library held weekly story times and events for the children.

I attended local and regional library conferences throughout the year. The local library meetings provide guidance and collaboration and continue to provide our patrons materials that are not in our own collection.

Books pulled for the book sale are stored at the Dalton Town Hall. The old library room is set up to house an ongoing book sale to be open whenever there is an event in the building. We use this money to purchase more books. Our programming and seasonal storage is also at the Town Hall Building as there is no storage in the current location.

The library hosts a quilt/sewing group that meets at the Town Hall Building. This is a free program for participants to learn from each other and to bring their own projects in to be completed. We provide programs during winter and summer for children of all ages.

More sections of the library have been cataloged into the statewide database. Many thanks to Melissa Gareau for her volunteer work in this area. The activities and happenings here are accomplished with the help of the many volunteers that provide time, assistance and money. We thank all who have been so generous with their donations and gifts to the library.

The library hours are: Monday & Wednesday 2-6 and Saturday 10- noon.

Winter: Monday and Wednesday 1- 5 and Saturday 10-noon.

Respectfully submitted,

Friends of the Dalton Town Hall

It has been a good year for the Friends of the Dalton Town Hall. All fire code compliance's to the building have been completed. This allows a greater number of people to use the building for a function. In the past year it has been used for birthday parties, wedding and funeral receptions, organizational meetings and various other community events. The Historical Society also has use of the down stairs section where they have a great display of some town history. The Friends hosted events in 2013 such as the Ham and Bean dinner in February, the chicken BBQ and flea market in July,Yankee Pot Roast dinner and fall fun and craft day in October. Some also enjoyed a couple of community camp fire nights through the summer and one on New Years Eve. Proceeds from these events enable us to keep the historic Town Hall open and available for the towns people to use and enjoy. Thank you all who have faithfully attended these events and who have helped to make them happen. We plan to do the same line up in 2014, and dates and times can be found in the town report calendar. I encourage anyone to come out and try one (or all) of our dinners. It makes for a good night out with plenty of good food and its for a good cause. As always we are looking for anyone interested in joining up with us to help out. If anyone is interested they can get in touch with any one of our members.

SELECT-BOARD REPORT

This was a very busy year for Dalton. The town completed the revaluation process, as well as assessment reviews by the Department of Revenue. The town's assessments were at approximately 117 to 120 percent over on property values, and are now down to where they should be, 100 percent valuation. The impact to the town was minimal, as only a few properties dropped in value and only a few went up in value.

There was a five year cyclical review which included elderly exemptions and vets credits. This is a required review by the state every five years. Over the summer months the Select Board had to replace the deep water well pump at the municipal building as the old one was over twenty years old and was worn out.

This fall there were hard rains that caused some flooding. A beaver dam broke open near Forest Lake State Park. Ed Craxton was instrumental in gathering information and making reports to help attain the assistance of the State Parks Division, who coordinated with the Road Agent, to pursue the necessary repairs to the area that was affected by the damages. This work will be completed in the spring as soon as weather permits.

It was with great honor and a privilege for the Select Board to nominate the Fire Chief Ron Sheltry to the North Country Public Safety Committee. It was even a greater honor to have him named the Fire Fighter of the year in the North Country. Ron is truly a very dedicated leader and the town is extremely fortunate to have him and his dedicated members working round the clock to serve the citizens and the community.

The Select Board would like to also thank everyone who volunteers to help make Dalton a better place.

Respectfully.

2013 HIGHWAY DEPARTMENT REPORT

I would like to take this opportunity to thank some key people in Dalton that always go above and beyond to help and support the Highway department, and that is the Dalton Fire Department led by our award winning Fire Chief Ron Sheltry. Whether it's helping cut trees out of roads to keep them passable during severe storms, helping when roads have washed out or helping thaw culverts, Ron and other department members are there without being asked. Working together like this is what team work and dedication to our town is all about.

Of course the tireless dedication of the crew on the Highway departments keeps all the day to day operations flowing smoothly, so thank you to Adam Rodger and Reg McLain.

The citizens of Dalton are what make doing our job a pleasure and an honor. Dalton is a town that comes together in times of need, and having people there offering support, praise, and thanks means so much to us. So thank you Dalton.

I always say, please call if you see a problem on a road or if you just have a question about something. Those calls are **always** appreciated. The office number is 837-9821, and my cell number is 631-5224.

So, another year behind us, and this one well under way.

Respectfully Submitted
